Sliding Gates

JPK's heavy duty automated sliding gate with the double housing for added strength and stability.

A powder coated single housing sliding gate with a different runner layout

A single housing sliding palisade gate with integrated JPK logo.

JPK's high grade automated sliding gate system offers security, durability and safety yet maintaining easy authorized access and convienience. This specialized gate system is formed at JPK's manufacturing facility and installed by JPK nationwide.
All steel sections and fittings are galvanised providing long term maintenance free protection from corrosion.
